Dear John:

I have before me the official notice that our good and mutual friend, Clarence E. Crowe, is to be associated with you in the practice of law as of March 1st, after his resignation as Assistant Attorney General of Texas, and I want to let you know that I am happy, both for Clarence and you, that he is to be associated with you.

Writing as one country lawyer to another country lawyer I sincerely hope that your association will be mutually profitable and successful.

It seems impossible for me to travel as often now as I formerly did, and so when you next ride the circuit, why don't you plan to come by way of Chicago and drop in to say "hello".

Cordially yours,

PWC:KB
